

Holiday 2020

REHEATING INSTRUCTIONS

All items are fully cooked. Be sure to refrigerate until ready to prepare or reheat. Unless otherwise noted, reheat all foods until internal temperature reaches 165°F. Check internal temperature with a cooking thermometer inserted into thickest part of the food (without touching the bone in meats). Reheating times may vary based on oven type, accuracy of oven temperature, container size, type and quantity of food, and/or other variables.

Entrée

All entrées are fully cooked and should be removed from packaging and transferred to an oven-safe baking dish or roasting pan before reheating in the oven.

Roasted Turkey

Preheat oven to 350°F. Remove turkey from packaging and place in a roasting pan. Add ¼ inch broth or water to bottom of the roasting pan and cover pan with aluminum foil. Cover with a foil tent for the first 20-30 minutes to prevent over-browning. Uncover and heat for an additional 10–15 minutes or until heated through.

Gravy, Soup, and Sauces

Note: Cranberry Sauce does not require heating and can be served chilled or at room temperature.

STOVETOP Transfer to a saucepan and reheat over medium-low heat, stirring frequently until simmering and heated through.

MICROWAVE Use a microwave-safe dish. Microwave on high for 2 minutes, then stir and microwave for additional 1- to 2-minute intervals as needed until heated through.

Side Dishes

OVEN (preferred method) | Preheat oven to 350°F. Transfer food to an oven-safe baking dish (for stuffing, mashed potatoes and casseroles) and cover with an oven-safe lid, parchment paper or aluminum foil, unless otherwise indicated. Heat each side dish for the suggested length of time (or longer if necessary) until heated through, stirring halfway through heating.

15–20 minutes

- **Homemade Mashed Potatoes**
- **Candied Yams**

30–40 minutes

- **Green Bean Casserole (do not cover)**
- **Traditional Herb Stuffing (do not cover)**

MICROWAVE Use a microwave-safe dish. Microwave on high for 2 minutes, then stir and microwave for additional 1- to 2-minute intervals as needed until heated through.

- **Whole Sweet Corn (microwave, uncovered)**

Note: For best results, Green Bean Casserole, Candied Yams, and Traditional Herb Stuffing should only be reheated in the oven and not microwaved.

For best results, Pumpkin pies should not be reheated and can be served chilled or room temperature.
